The Temple Aero Modeler

President's Report

by *Frank Sodek*

Greetings, I hope everyone is doing OK. I don't have very much to report this month - I wasn't able to make last month's meeting because I was on vacation in central Colorado. I want to think Larry for filling in for me during

the meeting.

I was very surprised to see how green it was around here when we got back from Colorado in the middle of July. The weather this year has been a welcome contrast compared to the prior three or four years. We all know that August is coming though, and what that means (very hot and dry!). Please be careful when standing out in the full sun while flying. Everyone should be wearing big hats to keep the sun off your head and face, and especially make sure that you have enough water to drink.

About the only events still going on are the combat heats and Wednesday evening flying sessions, our other events will kick back in when we get cooler Fall weather.

See you at the flying field,

Frank Sodek
